## ID's PRESA Group

*Make your data an asset, not a liability.*

An acronym for "PREmier Expert Solutions Advisory Group" ID's PRESA Group is made up of highly experienced technologists and data experts who are well renowned for their expertise. PRESA advises on matters relating to litigation, information governance, privacy, cybersecurity, data & analytics, and technology.

PRESA Group works with enterprises to control, manage, and reduce the risk of maintaining and using their information and to capitalize on the value their information provides. We show our clients what information they have and protect it fiercely by establishing governance and controls, extracting value, and safely disposing of that information. Our clients are able to create, use, retain, transfer, protect and dispose of information without fear, undue cost, or expense.
